BRANDON GAGUANCELA

(631) 304-9917 | gaguancelab@gmail.com

SUMMARY

Strategic thinker with extensive analytical skills and a keen ability to foresee market trends and business opportunities. Proficient in data analysis, project management, and strategic planning. Adept at crafting actionable strategies that enhance operational performance and business outcomes.

EDUCATION

FARMINGDALE STATE COLLEGE, 2350 Broadhollow Road, Farmingdale, NY 11735 **12/2026**

Computer Programming and Information Systems

Relevant Courses:

BCS 360 — Programming in SQL
- Used SQL Server Management Studio and Microsoft Azure to work with relational databases and write SQL queries to retrieve and manage data.

BCS 350 — Web Database Development
- Developed web applications using PHP and MySQL, incorporating relational database design, data validation, user authentication, and record management.

CSC 325 — Software Engineering
- Studied software development practices, including requirements analysis, application design, testing, documentation, and team collaboration. Collaborated on a D&D-inspired game using IntelliJ IDEA and GitHub, applying programming, version control, and team-based software development practices.

BCS 430 — Senior Project
- Applying programming, database, and systems design skills to a team project addressing a real-world problem. Collaborating on CampusFix, a campus issue-reporting system, with a focus on requirements analysis, user stories, and application design.

Accomplishments:
- Throughout my time at Farmingdale State College, made the President's and Dean's List numerous times.

SKILLS

Data Entry **Typing** **Microsoft Office** **Database Management**

Data Manipulation **Organizational Skills**

PROGRAMMING LANUAGES

- SQL
- Python
- C#
- JavaScript
- HTML
- CSS

- PHP

EXTRACURRICULAR ACTIVITIES

C-STEP:
- Engaged in STEM-focused academic support, mentorship, and professional development activities.
- Received specialized training and resources to excel in science and technology fields.
- Demonstrated commitment to diversity and inclusion in STEM education and careers through CSTEP involvement.

RAM:
- Engaged in structured mentorship under experienced researchers in specific fields.
- Participated in collaborative research projects tailored to individual academic interests.
- Provides guidance on research methodologies, data analysis, and scholarly writing.
- Helps develop critical research skills and expanded knowledge in chosen areas of study through RAM participation.
- Learning from opportunities of volunteering to learn social skills and to make connections

SURI:
- A summer research program at Farmingdale State College.
- Worked with a mentor from the faculty of Farmingdale State College for a project with a group of other students at the time.
- Engaged and collaborated with other students to work on our individual projects for the program and presented our work in a seminar.
